2.4 If we install and maintain your security system under this agreement, we will carry out routine inspection visits to the system during normal working hours in accordance with your chosen service plan. We may carry out a remote maintenance of your system in the course of the year if it is connected for remote monitoring by us and you agree for us to do so. We will repair the system during normal working hours when you ask us to do so. We will not charge you for the repair if it is covered by our warranty in condition 6 or if it is covered by the service level you have chosen. You must pay us for all other work and visits.

2.5 If we maintain your security equipment installed by others, we will, prior to the commencement of this agreement carry out a status check on your system at the agreed service charge and report any defects and cost of repair to you. 3. What you must do

3.1 You must allow us access to your premises to install and maintain the security system and to disconnect the system after this agreement has ended. You must allow us access to your premises to remove the system after this agreement has ended due to your failure to make full payment for the security system. You shall move any materials and objects obstructing access to install and maintain the system or any part of it.

3.2 You must provide information about you, your premises, your keyholders and any other relevant information so that we can provide the services. You must inform us in writing of any changes to this information. If you choose to have your security system monitored by our ARC for police response, you must provide a minimum of two keyholders who live within twenty minutes travelling distance of your protected property. You must notify your keyholders that we will contact them and may need to write to them.

3.3 You must provide and maintain a dedicated 240 volt AC un-switched power supply to the security system. The power supply must be installed by an approved electrician to relevant regulations and must be safe.

You must provide and maintain an active telephone line with outgoing call feature which is suitable for and compatible with your security system or a SIM with data feature or a broadband located at your premises in order for us to connect your security system to communicate with and be monitored by our ARC or for the purpose of self-monitoring via internet and/or Smartphone.

3.4 You must use your best efforts to ensure that your premises and any equipment you provide, including power supply source are safe and without risk for our employees and contractors to carry out our duties under this agreement. You must also tell us the location of any concealed pipes and wires which may affect the system and the services and about any known risks and any hazardous materials at your premises.

3.5 You must operate the system in accordance with the requirements of the specification and operating manual and any other instructions we issue to you from time to time. You will be responsible for the cost of any repair work on the system and compensate us against all liabilities, claims, losses or expenses we suffer because you or others have failed to use the system according to the specification or operating instructions or as a result of the connection of the system to any equipment or device not supplied by us.

In the event of a breach of this provision, the Installer shall be entitled to terminate the Maintenance Contract forthwith upon its discovery.

4.2 You must not transfer or assign any of your rights or obligations under this agreement.

5. The purpose of the security system

5.1 The system is designed to reduce the risks of loss or damage to your premises so far as this can be done by the use of this type of equipment. However we do not guarantee that the system cannot be removed, tampered with or made to stop working by you or any unauthorised person. If this happens, we are not responsible for any losses you may suffer directly or indirectly.

5.2 We do not guarantee that: a) particular losses or injuries will be prevented by using the system; or b) that the system will work continuously and without errors, in particular where interruptions or errors are due to something beyond our reasonable control.

5.3 The system, like all mechanical and electronic devices, can develop faults.

5.4 We do not know the value of your premises or its contents and the purpose of this agreement is not to act as insurer of your premises or your contents.

7.2 Apart from the responsibility accepted by us under condition 7.1 for death and personal injury, in all other situations we do not accept responsibility for any indirect loss which depends on us having special knowledge of your affairs which we would not normally know, even if the loss is due to our fault.

7.3 **Limitation of Liability** - Your attention is particularly drawn to this clause.

We are not responsible for the following:

- a) Loss due to the acts or neglect of any other person including you, the telephone or internet service provider, police, fire service or other authority or individual. None of these is our agent for any purpose.
- b) Delays, interruptions or suspensions in providing the services, which are due to any other person including you, thing or event which we could not reasonably be expected to prevent.

- c) defective products under the Consumer Protection Act 1987.

Subject to clause 7.4:

i) This clause 7 shall survive termination of the Contract.

7.5 Our responsibility stops if the agreement is brought to an end or the services are suspended under condition 12

8. Our recommendations to you

8.1 In view of the purpose of the system in condition 5, the limits of the guarantee in condition 6 and the limits of our liability to you in condition 7, we strongly recommend that you should take out separate insurance to cover your premises and the persons at and the contents of your premises.

8.2 We recommend that you consult with your telephone line provider before you connect any other equipment to the same line the system connects to and that you use an enhanced dual-path signalling system such as Redcare or Dualcom, which is designed to detect line faults, line cuts or tampering with a telephone line and uses GSM/GPRS or IP in addition to PSTN.

8.3 If you provide your own SIM for self-monitoring purposes, we recommend you use a SIM on a fixed tariff contract as opposed to PAYG which may fail due to insufficient or lack of credit.

9. What it will cost you

9.1 You must pay the equipment and installation charges inclusive of VAT, as agreed with us when you placed the order or accepted our quotation. Our charges do not include any provision for mobile phone App or Cloud services by third parties and/or security system manufacturers.

- h) The activation of a circuit breaker affects power supply to any part of the system
- l) Rodents, other animals or insects cause damage to or activation of the system.
- J) Adverse weather conditions cause damage to or activation of the system.
- k) You have reported a fault on the system and asked us to visit your premises only for our engineer to discover there is no fault but the system requires a manager or user reset which you had failed to carry out.

9.5 Unless we agree to do so, the charges do not include any work involving carpet laying, concealing cables, redecorating, plastering, building or carpentry work.

9.6 If this agreement is brought to an end by either you or us, you will owe us the charges and any other money due to us but not paid at the end of the agreement.

9.7 If you have already paid us more than the amount due to us at the end of the agreement, we will refund any overpayment to you.

10. Payment and Interest

Interest on overdue invoices shall accrue from the date when payment becomes due calculated on a daily basis until the date of payment at the rate of [8%] per annum above the Bank of England base rate from time to time in force. Such interest shall accrue after as well as before any judgment.

If you refused to pay to us the money due to us including interest, after 14 days from the date of our invoice, we will transfer the payment collection to our debt recovery agency. We will charge you the additional cost of the debt collection service and any legal and court fees as may apply.

You shall pay all accounts in full and not exercise any rights of set-off or counter-claim against invoices submitted by us.

10.5 We do not accept post-dated cheques.

11. Intellectual Property Rights

11.1 All Intellectual Property Rights in or arising out of or in connection with the Services shall be owned by us, "the Seller".

11.2 You, "the Buyer" acknowledges that, in respect of any third party Intellectual Property Rights in the Services, your use of any such Intellectual Property Rights is conditional on us obtaining a written licence from the relevant licensor on such terms as will entitle us to license such rights to you.
